

Medical University of Graz

PhD Program Molecular Medicine

Call for Applications

The Medical University offers a PhD-Program in Molecular Medicine. The program provides cutting-edge education with respect to the molecular basis of human diseases and therapeutics. It integrates basic, applied, and clinical sciences, as well as a wide spectrum of experimental techniques. The thesis projects focus on va-

rious aspects of metabolic diseases, inflammation, cancer, and stem cells.

Admitted PhD-students will be employed for three years including social benefits. Applicants must hold a master degree in Medicine, Chemistry or Life Sciences. Fluent communication in English is required.

The PhD-Program starts on October 1, 2008
The Call for Applications ends on March 9, 2008
